

MATRIX™

Thermal Bonded Cushion

“Fiber Cushion With Feel”™

SAMPLE SIZE: 8LB 1/2” CARPET PAD

- **MATRIX™** is a new innovative product solution with superior performance attributes, which provides a solution to a landfill crisis for post- consumer waste carpet.
- Proprietary blend of recycled carpet fibers and urethane foam create a carpet pad with all the benefits of a fiber carpet pad, but with the feel underfoot of a foam cushion carpet pad.
- Unique manufacturing process produces a carpet pad with improved sound & impact ratings for a quieter home, in addition to improving the insulation factor reducing the loss of energy.
- Made from recycled content. 100% recyclable and contributes toward satisfying LEED® building credits. Carpet America Recovery Effort (CARE) - Double Green Classification.
- Thermally bonded without the use of any chemical adhesives. Hypoallergenic - ozone friendly. CRI Green Label plus certified ID#GLP329
- Roll size: 6’x45’ (30sq yards) per roll; 89 lbs per roll.
- HUD/FHA UM-72a Class II rated.
- Pill Test (DOC/CPSC FF 1-70) – Pass Rating.
- Warranty for the life of the carpet.
- Made in the USA by an American company.
